Crochet Doctor

Go beyond the straight and narrow and learn tricks for stitching with fun novelty yarns. By Marty Miller

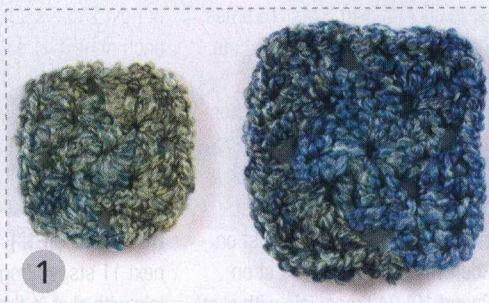

Q: I love all the new novelty yarns I'm seeing, but I'm having trouble crocheting with them. I can't see my stitches, so I don't know where to insert the hook. How can I make this easier?

A: There are 3 things you can do to help you crochet with novelty yarns. First, you can use a bigger hook than the hook size listed on the ball band. In **photo 1**, I crocheted the square on the left in Red Heart Stellar, with the hook that the ball band recommended, K/10½ (6.5mm). I then crocheted the square on the right, also in Stellar, with a bigger hook, N/15 (10mm). The stitches of the square on the left look all squished together; you can't tell where one ends and the next one begins. But those of the other square are separated and better defined.

Second, you can use a stitch pattern that doesn't require you to go into a stitch but instead allows you to go into a chain space. A granny square pattern is a great option for novelty yarns, because most of the stitches are worked into spaces between the groups of 3 dcs. That made it easy for me to work with the Stellar yarn and the J/10 (6mm) hook. And with the N/15 (10mm) hook, it was even easier to work. Another good stitch pattern to use with novelty yarns is a post stitch pattern where you would go around the stitch, not into it (see **photo 2**).

Third, you can use a smooth carry-along yarn or thread of the same color or contrasting color and pair it with the novelty yarn. This makes the individual stitches simpler to find—just look for the carry-along strand.

Q: When adding fringe to my crochet, how can I prevent the ends from untwisting or unraveling?

A: There are many different types of fringe that won't unravel or untwist.

To use single strands of yarn as your fringe, cut the yarn pieces a little longer than called for, fold them in two, and insert them as usual along the edge of the piece. Before cutting the fringe ends to make them even, tie a knot

near the end of each strand and cut below that knot (**photo A**). The knot stops the yarn from unraveling.

You can also make a fringe of looped chains. On the edge where you want fringe, *crochet a chain, join it with a slip stitch into the same stitch where you started the chain, slip stitch into the next stitch, and repeat from *. You

can make the chain loops any size or space them farther apart (see **photo B**).

Also, here's a fun chain fringe you can try: *Cut the yarn at least three times as long as the length of the fringe, fold the yarn piece in half, and connect it with a slip stitch to an edge stitch on the piece. Crochet a chain using both strands of the yarn held together and end off when it's long enough. Repeat from *. (See **photo C** for an example). ♥

Romancing the Ruffle

Luxurious ruffling yarns are making elegant trims easier than ever. This fall, crochet romantic looks with ruffles, ribbons, and a touch of sequins.

HOW TO MAKE A GAUGE SWATCH

NOTES

1 Back of sweater is worked from the lower edge upwards. Each Front is worked directly onto the Back, to reduce seaming. Fronts are worked sideways from the side edge of the Back towards the center Front. A line of surface slip stitches worked across the edge of the Back is used to begin each Front.

2 When instructed to work in Texture Pattern "as established," continue to work hdc stitches alternately in FL and BL, taking care that FL and BL stitches align as in previous rows.

SWEATER BACK

Continue until the length has been completely woven, then add another length, working until entire Front Edging and Collar have been woven. With sewing needle and thread, sew ends of B to inside of piece to secure and hide ends. Weave in any remaining ends. ♥

Seam Shoulder

Seam in same manner as Left Shoulder.

FINISHING

Weave in all ends before adding trim. Use yarn needle and beginning tail to sew beginning and end of foundation chain together.

Ruffle Trim

Measure the front neckline from one shoulder seam to the other. Measure the lower edge of the Top.

Neckline Ruffle

Note Filigree yarn (B) has different top and bottom edges. One edge matches the main fabric and the other has large, evenly spaced holes. For the Neckline Ruffle, hold the Filigree yarn so that the edge that matches the main fabric is at the top. There are groups of three holes arranged across this edge. When instructed to insert your hook into a hole, insert it into any hole in the next 3-hole group. With A, work into the holes of B as if they were stitches.

Leaving about 1 1/2 in. of B unworked, join A with sl st in center hole of next 3-hole group on edge of B, continue to work with A, ch 1, sc in same hole, sc in center hole of each 3-hole

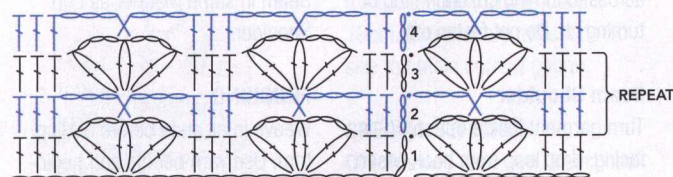

group until Ruffle measures length of neckline from first sc worked. Cut B, leaving about 1 1/2 in. tail. Fold under the 1 1/2 in. tails. With RS facing and A, work a sl st seam to attach Ruffle to neckline. Use tails of A to tack down ruffle edges along shoulder seam.

Bottom Ruffle

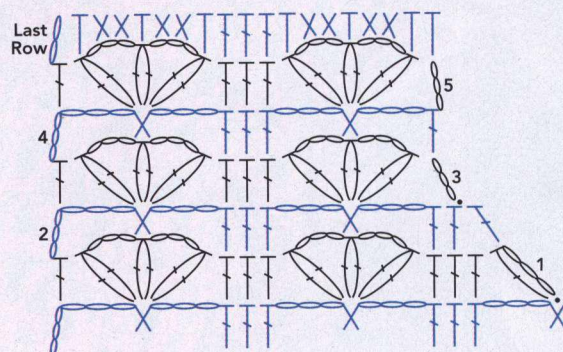

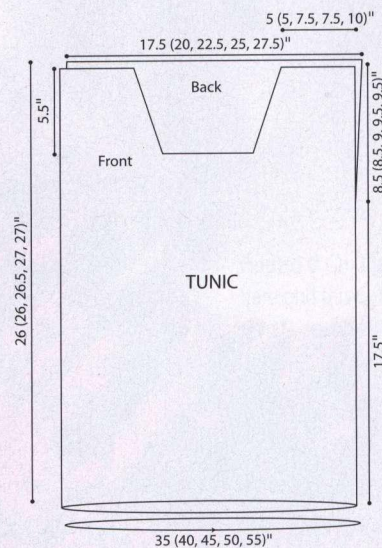

Work same as Neckline Ruffle, except work into large holes on other long edge of B. Fold down tail at beginning of Ruffle. With yarn needle and A, sew Bottom Ruffle to hem. It is not necessary to fold down the ending tail; let it close any gap between the two ends of the Ruffle. ♥

FINISHED MEASUREMENTS

GAUGE

7 sts and 4 rows = 4"/10cm dc worked with A and double layer of B and C (used in final yarn over of each st only)

Gauge is not critical for this project.

NOTES

1 Stole is worked lengthwise, in rows of dc.

2 Stole is worked with one strand each of B and C held together. Hold the two strands of Filigree together with ladder edges matching, and spaces across ladder edges aligned. Work into every third space across the ladder edge.

3 Rows of dc are worked with A. The final yarn over of each dc is worked with A and the double strand of Filigree (see Yarn Over and Pick Up in Special Technique). This attaches the Filigree to the top of the dc stitches, forming the ruffles.

4 Two balls of each color of Filigree are used. When starting the second ball, overlap the end of the first ball and the beginning of the second ball for a couple of inches, lining up the spaces across the

ladder edge. Use the double layer as if it were a single layer until all of the first ball is used, then continue with the second ball only.

STOLE

Row 1 With A, Fdc 152 using the Yarn Over and Pick Up technique to attach the double strand of B and C to the top of each dc as you go.

Rows 2–4 Ch 2, turn; dc across using the Yarn over and Pick Up technique when working the final yarn over of each st. Fasten off.

FINISHING

Use your fingers to separate the layers of Filigree yarn to fluff up the ruffles. Weave in ends. ♥

SPECIAL ABBREVIATIONS

**surface single crochet (sur-
face-sc)** Insert hook from front
to back then to front again around
the post of the indicated stitch,
yarn over and draw up a loop, yarn
over and draw through both loops
on hook (surface sc made) To
end a line of surface slip stitches,
draw up a loop on the right side of
fabric. **Note** This stitch is similar
to a post stitch, but is worked on
top of the crocheted fabric (on the
surface) not within a row.

**surface single crochet 2
stitches together (surface-
sc2tog)** Hold 2 indicated stitches
together and work a surface-sc
around them as if they were a
single stitch.

**surface single crochet 3
stitches together (surface-
sc3tog)** Hold 3 indicated stitches
together and work a surface-sc
around them as if they were a
single stitch.

SPECIAL TECHNIQUE

Working with Sashay A strand of
Sashay has two different edges, a
ladder edge on the metallic side of
the yarn, and the remaining mesh
edge. The spaces of the ladder
edge are used when crocheting.

Ch (chain) Hold ruffle yarn with
RS facing and strand extended flat
away from ball. Working in ladder
edge of strand, insert hook from
front to back in 3rd space from
end, *insert hook from front to
back in next space (this requires
going over the top of the metallic
strand to insert hook from front
to back), draw 2nd loop on hook
through the first loop on hook
(one ch made); repeat from * for
number of chains indicated.

Fasten off With one loop of
yarn on hook, cut yarn, leaving a
3–4"/7.5–10cm tail. Carefully cut the
threads between the spaces on the
ladder side of the tail to release the
top metallic strand. Yarn over with top
metallic strand and draw through loop
on hook. Make a double knot around
stitch to secure this end. Weave
remainder of metallic strand into row
of metallic stitches. Fold over remain-
ing mesh edge and sew in place with
sewing needle and thread. Secure
ruffle end to skirt base under folds of
ruffle to hide the join.

NOTES

1 The Skirt Base is worked first
in rounds beginning at the waist.
Increases give the Skirt an A-line
shape.

2 Sashay ruffles are worked in
surface sc over the Skirt Base.

Learn to Stitch: Herringbone

Add cool texture to your fashion projects with the Herringbone double crochet stitch. By Marty Miller

ONE OF THE FIRST STITCHES most people learn is the double crochet (dc), which has four steps:

- 1 Yarn over, insert your hook into the next stitch or space.
- 2 Yarn over, draw through the stitch or space. You now have 3 loops on your hook.
- 3 Yarn over, draw through 2 loops on your hook.
- 4 Yarn over, draw through the last 2 loops on your hook.

It's simple, concise, and makes a nice, basic stitch. But what happens if you change one or more of those steps? What would your new stitch look like?

In the directions for the Herringbone dc below, notice that Steps 1 and 4 are the same as Steps 1 and 4 for the regular dc; but Steps 2 and 3 are different:

- 1 Yarn over, insert your hook into the next stitch or space—*same as the basic dc.*

- 2 Yarn over, draw through the stitch or space AND the first loop on your hook. You now have 2 loops on your hook—*this step is different.*

- 3 Yarn over, draw through 1 loop on your hook—*this is different, also.* You still have 2 loops on your hook.

- 4 Yarn over, draw through the last 2 loops on your hook—*same as the basic dc.*

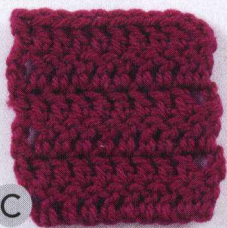

While I was crocheting the Herringbone dc, I worked some regular dc, side by side, so I could see the difference between them. **Photo A** shows Herringbone dc on the left and regular dc stitches on the right.

Notice the Herringbone dc has a short, horizontal bar (indicated with an arrow) at the bottom of the stitch. The regular dc doesn't have that bar, so the middle of the Herringbone dc looks different from a regular dc, while the tops of both stitches look the same.

However, the Herringbone dc leans in the direction that you're working (right for right-handed crocheters; left for left-handed crocheters). Because of this slant, the Herringbone dc stitch (**photo B**) is not as tall as the regular dc

(photo C). So the turning chain of the Herringbone dc does not have to be as tall.

Keeping this in mind, when I was designing the Herringbone scarf on page 87, I had two design decisions to make: What size hook should I use, and how many chains did I need for the turning chain?

After some swatching, I decided to use only one chain for the turning chain, lifting the loop on the hook above that chain about half an inch. I didn't count that chain as a stitch.

When I started the next row, I didn't skip a stitch—I worked the first Herringbone dc into the first stitch. This looked the best.

YOUR HOMEWORK

(This is a classroom, after all!) Using a plain, light-colored, worsted-weight yarn and a size K/10.5(6.5mm) hook, make three Herringbone dc swatches.

Rows 3 – 6 Repeat Row 2.

mastering Drape

How to get the fabric you want in crochet.

By Dora Ohrenstein

Drape is the quality of fabric that makes it hang well on the body—when a garment lacks drape, it appears stiff. Drape can be a difficult quality to obtain in crochet, due to the thick and dense nature of crochet stitches. Let's examine various techniques that can increase the drape factor in your crocheted clothes.

Dora Ohrenstein's newest book is *The New Tunisian Crochet* (Interweave, 2013).

PICKING (Yarn) FOR DRAPE

NOTE THE YARN WEIGHT The thinner the yarn, the thinner the fabric, and thus the best drape. A lace, fingering, or sport-weight yarn produces the best drape. But if you choose the right hook size, good drape can be achieved with worsted-weight yarn.

CONSIDER THE FIBER COMPOSITION Some fibers have more drape than others. On the list of good drapers are bamboo, alpaca, silk, mohair, merino, linen, rayon, soy, and soft acrylics. Cotton is very stiff, but certain types, such as Pima, are bred to increase softness and therefore add drape. Blends can help even stubborn fibers achieve a nice drape: the blend acquires the good qualities of each of the component fibers. To ensure good drape, read your yarn's label carefully and look for at least 50 percent drape-positive fibers in the blend.

THINK ABOUT THE TEXTURE Smooth yarns drape better than those that have kinky edges, such as bouclé.

PICKING {Hooks} FOR DRAPE

The most important thing you can do to increase drape is go up in hook size. This simple change loosens up your stitches, gives the yarn more “breathing room,” and greatly improves the fluidity of the fabric. There is no exact formula for matching hook size with yarn weight, however. Think about a range of sizes for various weights. With a worsted-weight yarn, try a G to K hook; with DK weight, F to I; with sport weight, D to G. Bulky yarns are tricky, but even a heavier garment like a jacket will improve in wearability if a larger hook,

anywhere from K through N, is used.

The best way to find out is to make gauge swatches with different hooks. The three swatches hanging on the opposite page demonstrate this point. All three swatches were made using the same worsted-weight yarn and stitch pattern—sc, hdc—but they were worked on different hooks. Swatch A, a firm and not very giving fabric, was made with an E/4 (3.5mm) hook; Swatch B, slightly more drapery, used an I/9 (5.5mm) hook; Swatch C, with its flowing shape, was made with an L/11 (8mm) hook.

Knowing just what to look for in your stitches helps make the decision about the best hook size. If the hook is too large, stitches will look sloppy. Too small, and the stitches are tight. When individual stitches are well defined and the yarn opens up comfortably in each stitch, then you’re very close to perfection. Many yarns can look good with two or three different hook sizes; for maximum drape, go with the largest.

PICKING {Stitches} FOR DRAPE

WORK INTO ONE LOOP ONLY, either back or front, to add significantly to drape. The rows will be less tightly connected, which means the fabric can stretch more. Many stitch patterns can be modified so that only back or front loop stitches are used. [swatch 1]

CHOOSE TALL STITCHES. The openness of taller stitches adds to the drape. Waves or ripples made with trebles work very well, and many stitch patterns that call for double crochet can easily be made with trebles to improve the drape factor. [swatch 2]

PLAY WITH LACE. Lace stitches are another time-honored tool for making supple crochet fabric. The holes in the fabric increase its ability to fold and move. In fact, the more open a stitch pattern is, the better drape it will give. [swatch 3]

AVOID TEXTURED STITCHES. Bobbles, puffs, posts, and cables will add bulk to the fabric and therefore work against drape. If you love these dimensional stitches, try them with thinner yarns so you can still use them on wearables. [swatch 4]

Back-to-Square-One Blanket

BY MARTY MILLER

FINISHED MEASUREMENTS

Length Approx 62.5"/159cm, including border

Width Approx 41.5"/105.5cm, including border

GAUGE

One square measures approx 10"/25.5cm square

NOTES

1 The blanket is made from 24 squares: 4 Granny Squares (2 single-color and 2 multicolor), 4 Seed Stitch Squares (1 single-color and 3 multicolor), 4 Basket Weave squares (2 single-color and 2 multicolor), 4 Circle in the Squares (2 single-color and 2 multicolor), 4 Dots squares (3 single-color and 1 multicolor), and 4 Standing-puff squares (2 single-color and 2 multicolor).

2 Make the Granny Square first and use it to measure the other squares.

3 Gauge is not critical for the squares. If they measure approx 10 x 10"/25.5 x 25.5cm, they will stretch to fit when you join them together. It is important to make the number of stitches on the side edges in the last round, and in the first and last rows, about the same (plus or minus 1 stitch).

4 To change color at the end or middle of a row, work last stitch to last yarn over, yarn over with new color and draw through all loops on hook to complete last stitch. Proceed with new color. Fasten off old color or carry it up side of piece until it is needed again.

5 To change color at the end of a round, fasten off the old color and join the new color in indicated stitch or space.

6 The difficulty level of the squares is as follows (from easiest

to most challenging):

- Granny Square
- Seed Stitch Square
- Basket Weave Square
- Circle in the Square
- Dots Square
- Standing-puff Square

The single-color versions of each square are easier than the multi-color versions.

Pattern Basics

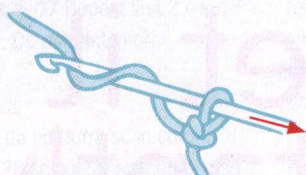

Use this handy reference to help you through this issue's projects.

LEARN TO {Crochet}

Making a Foundation Chain

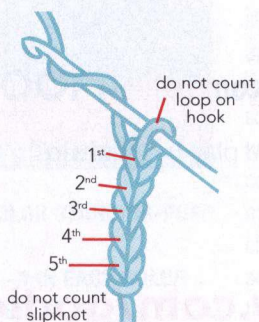

1 Start by making a slipknot and positioning it near the end of the hook. Wrap the working yarn (the yarn attached to the ball or skein) around the hook as shown. Wrapping the yarn in this way is called a yarn over.

2 Draw the yarn through the loop on the hook by catching it with the hook and pulling toward you.

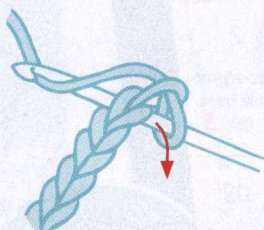

3 One chain stitch is complete. Lightly tug on the yarn to tighten the loop if it is very loose, or wiggle the hook to loosen the loop if it is tight. Repeat from step 1 to make as many chains as required for your pattern.

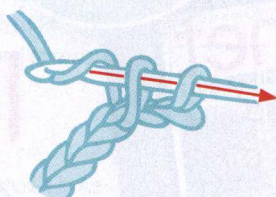

4 To count the number of chain stitches made, hold the chain so that the "V"s are all lined up. Do not count the loop on the hook or the slipknot you made when beginning the chain. Each V counts as one chain made.

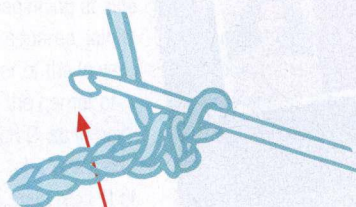

Single Crochet (sc)

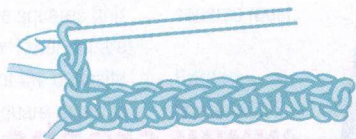

1 Insert the hook under both the front and back loops (i.e., under the complete "V") of the 2nd chain from the hook. Wrap the yarn over the hook from back to front (this is called a yarn over) and catch it with the hook. Draw the yarn through the V.

2 You now have two loops on the hook. Yarn over and draw the yarn through both loops on the hook.

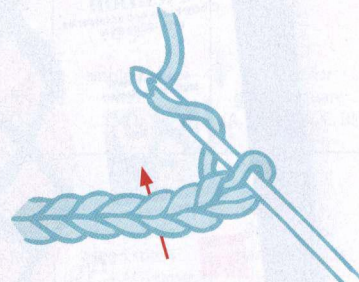

3 One single crochet stitch is complete. Continue to repeat steps 1 and 2, inserting the hook into each V across the row.

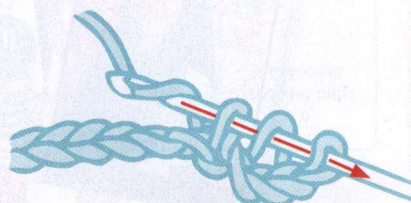

4 When you reach the end of the row, make one chain stitch (this is called a turning chain), then turn the piece from right to left. To begin the next row, insert the hook under the V of the first stitch (skipping the one chain stitch you just made) and repeat the steps.

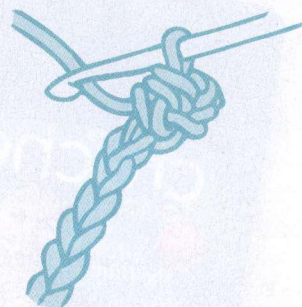

Half Double Crochet (hdc)

1 For this stitch, yarn over, then insert the hook under the "V" of the 3rd chain stitch from the hook. Yarn over again and draw the yarn through the V.

HOW TO MAKE A {Ruffle}

Make beautiful ruffles in a flash with new Red Heart Boutique Filigree ribbon yarn.

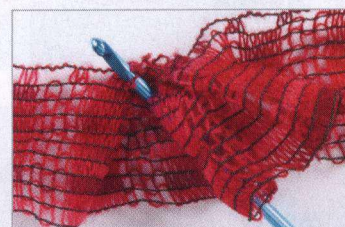

1 Hold the ribbon with the square holes at the top edge, and insert your hook into one of the holes from the front to the back.

2 Skip one hole and use the hook to grab the top edge of the next hole.

3 Pull that thread through the strand that is already on your hook.

4 Continue working into every other hole across the row, always pulling the new strand through the strand on your hook.
